

Collaborative Connections: Impacting Care

Presented by:

RHP 9 & 10

Collaborative Connections
Impacting Care

Texas 1115 Waiver

Our mission

RHP 9 and RHP 10 strive for collaborative learning focused on expertise, tools and resources which are organized and deployed in a manner to promote strong collaborative learning and sharing within both regions.

Objectives:

1. Identify best practice care models through presentations and collaborative interactions with other providers
2. Incorporate various process improvement tools in your projects to enhance outcomes and share your successes
3. Create opportunities for networking amongst providers and community partners.

February 9 & 10, 2016

Learning Collaboratives

The Learning Collaborative model organizes multiple groups with varying needs into a process of group learning, where all teams use the Model for Improvement and learn from each other's successes and challenges.
