

Sustainability through Connectivity

June 30, 2016

Think about the key stakeholders in your project. How are you currently connecting with your stakeholders?

1. _____
2. _____
3. _____

Think about the other projects or groups within your organization that are connected to your project. What actions can you take to strengthen these connections?

1. _____
2. _____
3. _____

Think about the groups or projects from OUTSIDE of your organization should you be connected to. Include those from your Region and community.

What actions can you take to build these connections?

1. _____
2. _____
3. _____

Now think about the groups or projects within your organization that you are NOT currently connected to, but probably should be. What actions can you take to begin connecting to these groups?

1. _____
2. _____
3. _____
